Subject: Region 8's edits/additions to the Pavillion portion of the HF hearing Q&As
QAs Fracking Draft 7-24-13-R8 PavilQ&A edits Hearing.docx

Pamela, thanks for the opportunity for Region 8 to review and provide input on the Q&As. We only reviewed the first several pages that pertain to the Pavillion investigation, and in an effort to be consistent with other Agency public statements that have been made regarding Pavillion, we offer the attached suggested revisions to those.

Btw, I hear David is about to become a (first time?) dad- please pass on congratulations and best wishes to him.

Ayn E. Schmit
